

ID ATHLETIC

DIAMOND SPORTS RANGE

INTRODUCTION

ID Athletic is a West Australian owned and operated company specialising in custom made on-field and off-field apparel, retail merchandise and promotional products. Using a variety of techniques we ensure that the products developed for our clients exceed their expectations.

A dedicated Account Manager will support you through the design phase, provide you with a full range of options and production samples and keep you updated on your order throughout the production process. We will work with you to ensure that we create high quality, cost effective items in a timely manner.

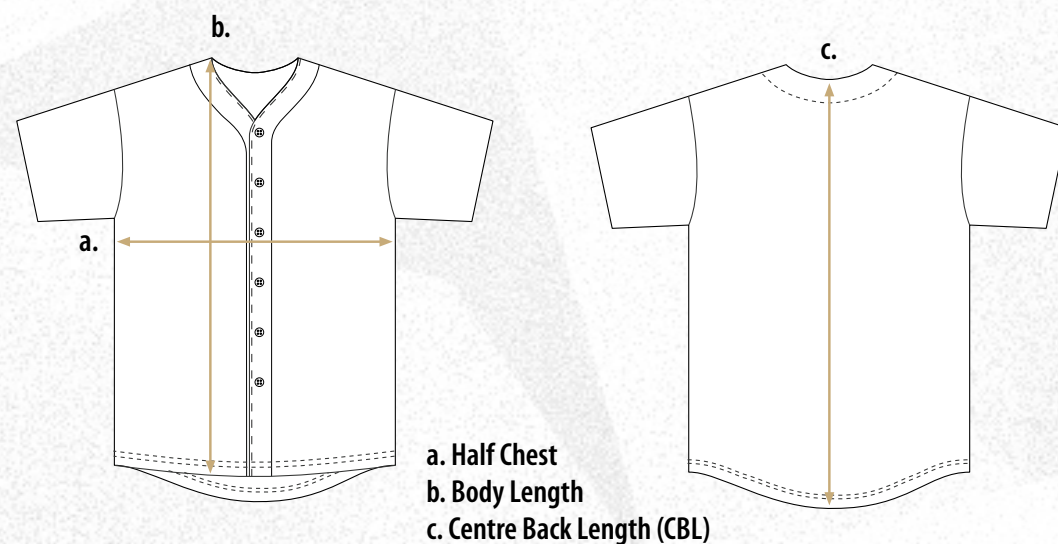

HOW TO SIZE

PLEASE NOTE: The size charts in this catalogue refer to the measurements of the garments, not the body size of the wearer.

To correctly identify the size of the item in the catalogue, please use a similar-style garment (old jersey, polo shirt from your wardrobe etc.).

Lay the garment on a flat surface with buttons done up and measure one side to the other just underneath where the arms meet the body (under the armpits as shown below). This will provide you with your half chest measurement. This is the most important measurement for identifying your correct size.

As a secondary measurement, you can also measure the centre back length or body length of the garment as shown below. Simply measure from the top of the back of the neck to the bottom of the hem.
