# WHO WE ARE

## OUR TEAM

ID Athletic is a West Australia owned and operated company offering a full range of apparel and promotional items, which can be tailored to suit your needs.

Specialising in sports teamwear, schoolwear, corporate clothing, merchandising and promotional productions, we use techniques such as sublimation, embroidery, screen printing and heat sealing to offer clients high quality, world-class products.

Since our inception in 2012, we have serviced thousands of sporting clubs, schools, organisations & corporates, producing over a million custom-made garments Australia wide.

Whether you are representing a netball club, sports club, school or business or making an individual purchase, the team at ID Athletic can help you.

## OUR DIFFERENCE

### PURPOSE-BUILT MATERIAL

Our standard netball dress fabric is made from breathable eyelet mesh polyester, built for maximum comfort and durability when playing netball.

### QUALITY ASSURANCE

All of our apparel passes through our quality control centre, ensuring that all details are correct and each garment is finished to an exceptional standard.

### SPEED OF DELIVERY

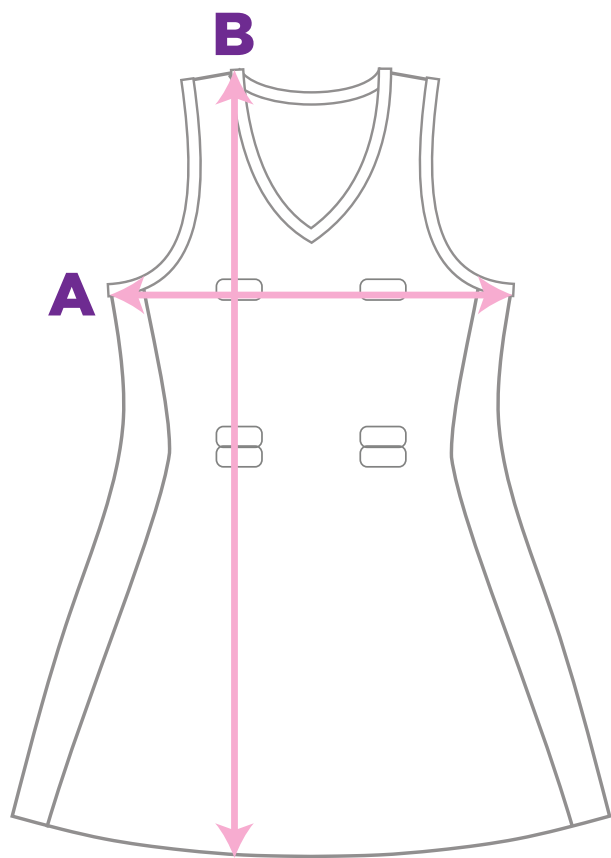

With direct access to our production facility, we can turnaround your order with speed. Discuss the current delivery timeframes with your Partnership Manager that are specific to the garments in your order.

### FINISHED PRODUCT

Every product is presented within its own individual bag with the size label visible, making distribution to your players quick and easy.

# HOW TO SIZE UP

The most important part of sizing up your ID Athletic garments is that our size charts refer to the garment itself, not the wearer.

So, when you're figuring out the best size to order, we recommend measuring against an existing garment that is the correct fit, and comparing those measurements to the ones in our size charts.

The main two measurements are half-chest (measurement A on the diagram) which is from armpit-to-armpit, and the length (measurement B on the diagram, which is from shoulder to hem).

Alternatively, you can borrow one of our sizing kits from our Osborne Park office at no cost.
